## Working Papers

Robert H Montgomery, a noted authority in auditing, in his book, “*Montgomery’s Auditing (1912)*” said,

*“The skills of an accountant can always be ascertained by an inspection of his working papers.”*

More than a century has gone by but his words have not lost their relevance. On the contrary, over the years, given the amount of litigation that the auditors have had to face world over, these words have gained significance.

*“Faintest of ink is Stronger than the strongest of memories”*

*Work should not only be done but it should be seen that it is done.*
